Kari explained that most meat came from girls raised elsewhere, and brought to the plant for processing that day. But some of the meat girls spent some time at the plant for conditioning. Some examples were the young whole-body roasters, some of the veal girls, and of course meatgirls drawn from the workforce.

Low-Grade Meat. Many girls that need to be removed from society according to the Population Control Laws cannot be added to the human food supply according to the Cannibalism Laws and Food Safety Regulations. A common solution is to send the poor quality meat girls to the pet food and fertilizer processing plants.
