MATH 1012 Foundations of Mathematics - Dawn Hopkins Math

Foundations of Algebra What Is It? Algebraic thinking involves finding and describing patterns, making generalizations about numbers, using symbols and models to represent patterns, quantitative relationships, and changes over time. Here are some typical algebraic expressions: Distance = Rate x Time total Apples = num Trees x apples Per Tree $a^2 + b^2 = c^2$. Why Is It Important?

Foundations of Algebra - TeacherVision

Foundations courses are transition or bridging classes that prepare students for regular Grade 10, 11, and 12 courses. The learning outcomes of the Foundations program are designed to address literacy and needs up to the grade 10 level.

Foundations Program | Burnaby Community & Continuing Education

Students need a minimum of 60% in Foundations of Math 11, Precalculus 11, or Principles of Math 11 (or the equivalent) for admission to the university. If a student has taken either Principles of Math 12 or Foundations of Math 12 (or the equivalent) with a grade higher than the minimum required for Math 11, then the higher-level course will be used for university admission.
