Q. Can the background be used to create a monogram lock screen? A. Yes. Q. Can you print your custom monogram background? A. You can print it but the resolution was intended for screens and the print quality will not be good. We have similar products which are available in high resolution that will print really well.

Free Monogram Wallpaper Maker | Customize Online
It doesn't have anything with print resolution to do, they print much higher around 100 dpi so the image is up scaled before printing. Upscaling doesn't create new information (i.e. resolution) it merely creates intermediate colored dots to fill in the gaps between pixels so the image has a more even smooth look and not a pixelated look.
