The aim of this website is to empower others to build their own homes. We want to show people that if we can do it - anybody can. Being young people in our early 30's, we get that it's expensive to own a home these days. What's worse is that today's houses are not only expensive - but the quality is crappy.

Building a House Yourself - Beautiful, Affordable ...

Planning, the market and private housebuilding" is a timely new book which analyzes key contemporary issues in the light of the latest research findings and trends in policy and practice. The relationship between land- use planning and the housebuilding industry in Britain has long been characterized by intense debate and conflicting priorities about land supply.
